Deadline for manuscript
submissions:
30 June 2019

Message from the Guest Editors

Dear Colleagues,

The TST 2019 Conference **extended papers** in case they have at least 50% extension will be published in **Special Issue of Computation Journal**. This Special Issue will consist of manuscripts describing the state-of-the-art of transport modeling for smart cities with intelligent transportation systems ITS.

Topics of interest include, but are not limited to models and methods for smart cities:

- transport systems and processes, users and their activities with virtual activities,
- ITS, C-ITS and mobility management,
- spatial and transport planning, with space–time geography,
- traffic flow control with emerging transportation technologies and services.

We provide a 20% discount of Article Processing Charge (APC) - from 350 to **280** CHF (Swiss Francs) for papers extended from TST 2019. We can also provide a best paper award. The winner will be granted one free of APC feature paper for his/her paper to Computation.

Special Issue

computation

an Open Access Journal by MDPI

Message from the Editor-in-Chief

You are invited to submit the results of your research for consideration and publication in Computation, an international open access journal, which is published quarterly online by MDPI.

The editorial board and staff of Computation are dedicated to establishing a benchmark journal for the world scientific and engineering communities for original research articles, reviews, conference proceedings (i.e., peer reviewed full articles), and communications, in the cutting-edge areas of computational biology, computational chemistry, and computation in engineering.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.
High visibility: Indexed in the Emerging Sources Citation Index (ESCI) - Web of Science, **Scopus** (from Vol. 5 - 2017), dblp Computer Science Bibliography and Inspec (IET).
Rapid publication: manuscripts are peer-reviewed and a first decision provided to authors approximately 25 days after submission; acceptance to publication is undertaken in 4.5 days (median values for papers published in the first six months of 2018).
